

24/4 x 24/4

# YASHICA MAT-LM

fully automatic twin-lens reflex with built-in meter

Exactly like the standard Yashica Mat, which has set the new standard for amateur and professional alike: with all the advanced features of the high-priced cameras, including fully automatic film advance and shutter wind to prevent double exposures . . . NOW WITH A BUILT-IN EXPOSURE METER to make it even more versatile.

### features

- Built-in exposure meter and scale
- Yashinon 80mm lenses: f/3.2 viewing, f/3.5 taking
- Smooth professional platform-knob focusing
- Fully automatic film transport: crank sets shutter, prevents double exposure
- Copal MXV shutter with speeds to 1/500 sec. and self timer
- Built-in M-X sync
- Fresnel focusing screen with pop-up magnifier, sports finder
- Thumb wheel diaphragm and shutter settings visible while focusing

The Yashica Mat \$75.50 (case \$10) Same as Yashica-Mat LM, without meter.

\$79.95 (case \$10)

The 44A \$29.95 (case \$6)  
Same size as 44LM, with manual film advance, no meter, shutter speeds to 1/300 sec.  
Kit, with camera, case, flash, handgrip, \$46.95.

THE QUIK-LITE FLASH \$29.95  
Lightweight, powerful flash works off self-contained battery or house current. Perfect for indoors or out.  
Replacement battery, \$9.95.

#127

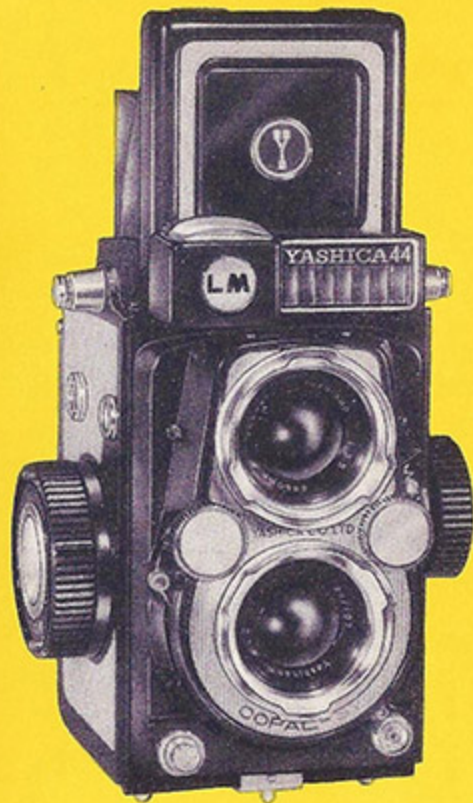

# YASHICA 44LM
